SMBLY REQUIRED

FIRST® ROBOTICS COMPETITION
ESTABLISHED 2016

2026-27 SPONSORSHIP PROSPECTUS

Build the Future **With Us.**

Help a student-run robotics team turn aluminum, code, and ambition into champions — and into the next generation of engineers.

📍 Santa Margarita Catholic High School · Rancho Santa Margarita, California

Beach Blitz 2025
EVENT CHAMPIONS

SoCal Showdown 2025
FINALIST · 2ND PLACE

A student-run engineering team

01

SMBly Required (Team 5805) is the FIRST® Robotics Competition team at Santa Margarita Catholic High School. Since 2016, our students have spent every season designing, machining, wiring, and programming a 120-pound competition robot from scratch — then driving it head-to-head against the best teams in Southern California. Along the way they learn what classrooms can't fully teach: real engineering under a deadline, teamwork, fundraising, marketing, and leadership.

SEASONS COMPETING

6 wks

TO DESIGN & BUILD

100%

STUDENT-BUILT ROBOT

Engineering & Design

CAD, CNC machining, 3D printing, electronics, and Java programming — students own the full build.

Business & Outreach

Students run the budget, sponsor relations, branding, and community STEM outreach themselves.

Competition

Multiple in-season and off-season events each year against 40+ teams per event.

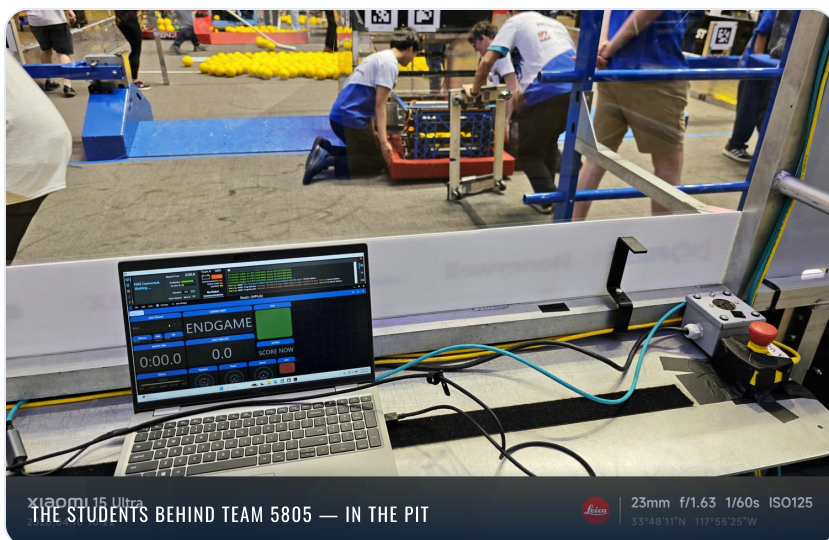

Mentorship

Industry and parent mentors guide students toward college and STEM careers.

WHAT IS FIRST?

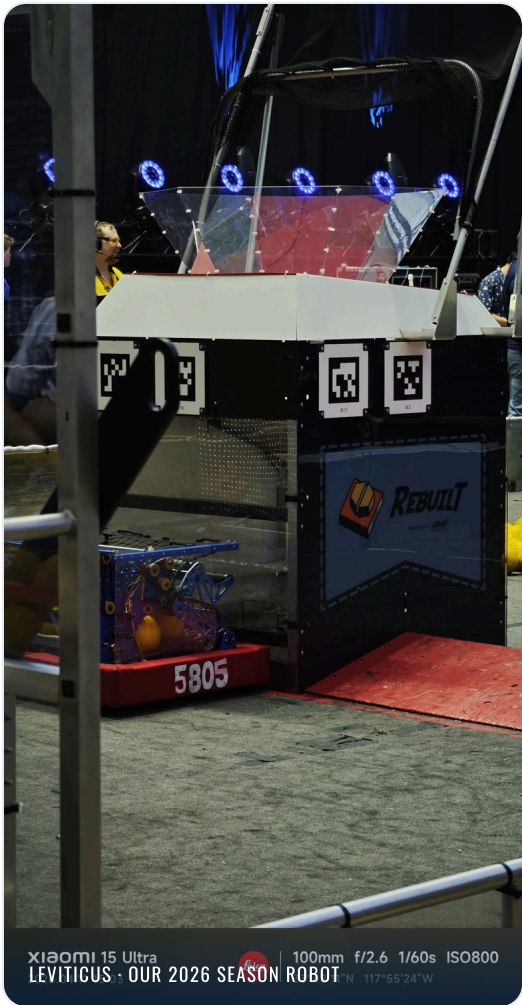

FIRST® (For Inspiration and Recognition of Science and Technology) runs the world's leading youth robotics programs. The FIRST Robotics Competition challenges high-school students to build a competition robot in a six-week season.

- **3,000+ teams** compete worldwide each season.
- **\$80M+ in scholarships** are available to FIRST students from 200+ providers.
- FIRST alumni are **far more likely** to pursue science and engineering degrees.
- It's often called "**the varsity sport for the mind.**"

THE STUDENTS BEHIND TEAM 5805 — IN THE PIT

Our track record

Team 5805 designs and builds a brand-new robot every season — each named for a Book of the Bible, a nod to our Santa Margarita roots. That commitment has already earned an **offseason championship** and a **finalist banner**.

- **Beach Blitz — Champions**
First place · member of the winning alliance (robot: Exodus)**2025**
- **SoCal Showdown — Finalist**
2nd place out of a competitive offseason field**2025**
- **Orange County Regional**
Qualified for playoffs · ranked 15th of 47 teams**2025**
- **Ventura County Regional**
Competed on the FIRST in-season circuit**2025**

Our robot lineage — named for the Books

One team, a new machine every season — and we're just getting started.

Your investment, multiplied

Sponsoring Team 5805 is more than a donation — it's an investment in local students and visible brand exposure across a season of high-energy STEM events. Robotics is expensive: registration alone runs thousands of dollars before a single part is bought. Your support directly puts tools in students' hands and our robot on the field.

WHERE YOUR MONEY GOES

A competitive FRC season costs roughly **\$25,000–\$35,000**. Every dollar is stewarded by students and mentors.

WHAT SPONSORS GET

- Your **logo on our team jerseys** — at every level of support.
- Your **logo on the robot** at higher tiers — seen by thousands at events.
- **Social media & website** recognition to our community.
- A **tax-deductible** contribution supporting youth STEM education.

SPONSOR LOGOS ON OUR 2026 TEAM JERSEYS

WHERE YOUR LOGO GOES

Seen everywhere we compete

Every sponsor — at **any** level — gets their logo on our team jerseys, worn at every event by students, mentors, and drive team. Sponsor at a higher tier and your brand goes directly on the robot itself.

Proudly supported by **fabworks** · **Pacific Realway Consulting** · **Truffles Clothing**

Sponsorship levels

Choose the level that fits your organization — every tier includes the benefits below it. Custom and multi-year partnerships are welcome, and we'll tailor recognition to your goals.

Every sponsor, at every level, gets their logo on our team jerseys. Logo placement directly on the robot begins at the **Platinum** tier.

BRONZE \$250+	SILVER \$500+	GOLD \$1,000+	PLATINUM \$2,500+	TITLE \$5,000+
✓ Logo on team jersey ✓ Name on our website ✓ Social media thank-you ✓ Tax-deductible receipt	✓ Everything in Bronze ✓ Logo on our pit banner ✓ Logo on team website	✓ Everything in Silver ✓ Larger jersey logo ✓ Dedicated social feature ✓ Recognition in pit display	✓ Everything in Gold ✓ Your logo on the robot ✓ Shop visit / robot demo invite	✓ Everything in Platinum ✓ Largest logo on robot & banner ✓ "Presented by" recognition ✓ Custom partnership & plaque

IN-KIND DONATIONS WELCOME

Not a cash sponsor? Materials and expertise help just as much. We gratefully accept:

- Aluminum, polycarbonate & stock
- CNC / machining / 3D-print time
- Electronics & motors
- Tools & shop equipment
- Professional mentorship
- Build space & transport

Tax-deductible giving

Team 5805 is supported through Santa Margarita Catholic High School. Contributions may be tax-deductible to the extent allowed by law. Tax ID and 501(c)(3) details are available on request.

BECOME A 2026-27 SPONSOR

Let's build something championship-worthy together.

Join us for the rest of 2026 and our 2027 season — in-season and offseason. Your partnership puts your brand on a winning robot and helps launch the next generation of engineers.

1

Reach out

Email our program overseer (below) with the level or in-kind support you have in mind.

2

We confirm

We'll send a sponsor agreement, collect your logo, and confirm tax-deductibility.

3

Go visible

Your brand goes on the jerseys, robot, and socials — onto the field at every event.
